Activism
Resilience
Dedications &
Skills**

The Maryland Professional Employees Council (MPEC) is proud to announce its official Steward Leadership Training Program (SLTP).

MPEC is currently recruiting worksite leaders to serve as Agency and Floor Stewards. The SLTP has been developed and designed to prepare and sustain a pool of empowered and well-informed leaders committed to protecting workers' rights while maintaining professionalism.

CALL TO ACTION! Are You Up to P.A.R.?

PURPOSE * ACTION * RESULTS

YOU are MPEC and it cannot become or remain a strong union without **YOU!**

The SLTP is a structured training program made up of four (3) modules. All MPEC Stewards will be required to take and pass each training module with a 70% or better. Each module has been developed to provide Stewards with union leadership training in preparation for independently responding to and resolving worksite issues, organizing and leading issue-related campaigns, and identifying and recruiting new worksite members, activists, and stewards.
